THE STORY SO FAR

☆ Miyu and Kanata live in the Saionji temple. Living together could prove a bit troublesome, especially when a small UFO had to make an emergency landing in the temple. From inside appeared Ruu and Wannya. Since Ruu's parents are gone, Miyu posed as mama, and Kanata as papa for Ruu's sake.

.....

They all started living together as a result ☆ Kris and her cousins kept the secret about Ruu when he had multiplied, and they experienced the exciting events that happened. Despite all these, Miyu and her friends were all safe. While it was all happening, Miyu and Kanata had to rely on their senses

HANAKOMACHI CHRISTINE

Kawamura Mikan's Favorite Foods: An Introduction!

Even though there's really not much that I don't like... (laugh)

I love Ramen——

Right now, my favorite shop is selling soy sauce-flavored kelp stock ramen! It's usually quite crowded, but it becomes a little emptier at night. Because each order is enough for two, I can never finish them. Sometimes I even like going to the ramen museum——

I love cake——

I like to randomly eat the ones with cream filling while I'm working on my story. I wonder why that is. Is it because it's so easy to eat? It makes me happy that they even sell it at convenience stores——

I want to eat the Christmas pound cake that I used to get from my neighborhood a long time ago. Too bad that store no longer sells it...

Such a shame—— I'm really in the mood for some too.

I love sushi——♡♡

My favorite topping is Fluke Fin ♡♡

The first time I ate it, I was surprised by how delicious it was! One of the fan letters I got also mentioned liking Fluke Fin

We're pretty similar huh?

Overall, however, I like all types of sushi ♡

I love cheese——♡♡

I used to hate it when I was younger, but when I got older, I suddenly began to like it

The kind I like the most is blue cheese ♡♡

I especially like to use it when I make pasta. Although I don't cook all that often (laugh), it's something that I make for myself. ♡

I also love cheese risotto. ♡♡

Eating sure is pleasurable, don't you think? Thanks
